51. Read the passage below and answer in full sentences the questions that follow.

My sisters and I are pupils at one of the big city schools. Mother drops my sisters and I at school and later picks us every day.

One evening, I was going back home from school with my mother and my two sisters when we saw an accident near Hotel Africana. A speeding taxi which was heading for Jinja had knocked down a motorcyclist who was joining the main road at the roundabout.

The motorcyclist had his legs broken and the passengers in the taxi sustained serious injuries. The motorcycle was damaged beyond repair and the taxi windscreen was completely smashed. My mother parked the car and within a short time, there was a big crowd. The driver of the taxi had taken off and the conductor ran to Jinja Road Police Station to report the matter.

In less than 10 minutes, traffic police officers had arrived and an ambulance was called. The casualties were taken to the hospital for treatment. The people around tried very much to assist by removing the wreckage from the middle of the road. Later, a breakdown towed the taxi to Kampala Road Police Station.

I really feared because I had never witnessed such an accident. People should try to be very careful when using the road because this accident could have been avoided if the motorcyclist had been more careful.
